

# Formula Kite

## 2024 Equipment Registration Cycle

### Plaque Application

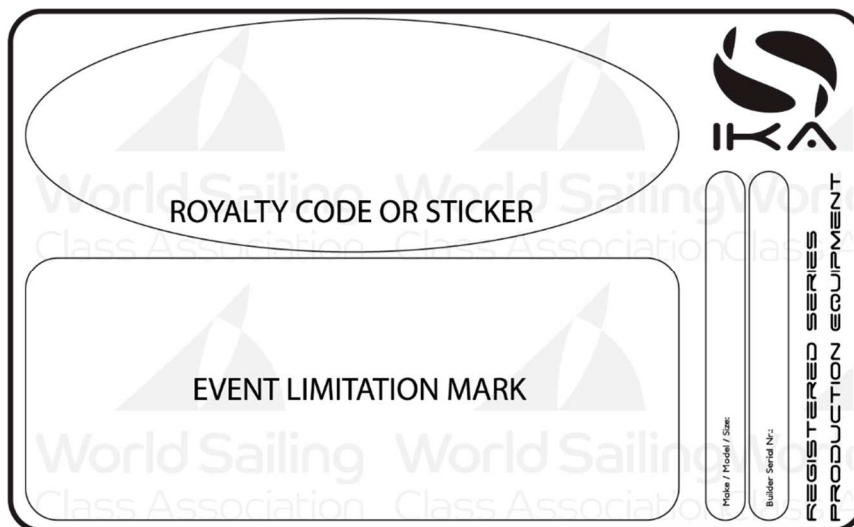

Builders are required to apply "Registered Series Production" Plaques and World Sailing / Formula Kite insignia to each equipment item where the class rules require it.

#### 1 Hydrofoil Systems

The "IKA Registered Series Production Equipment" and the "Formula Kite / World Sailing" logo shall be attached or printed by the manufacturer to the hydrofoil mast.

All equipment is required to carry a unique, machine printed manufacturers serial number (identifying brand and model) on every equipment part, visible without dismantling the equipment. The serial number may be covered by clear coating.

#### Registration plaque

#### Instructions on Plaque usage:

- The plaque must be permanently attached to the **starboard** side of the hydrofoil mast.
- Minimum plaque height: 110 mm
- Minimum plaque width: 66 mm
- Color: RAL 5011 K (Steel Blue) on white background

The plaque layout may be requested in electronic form (vector format) from the IKA

## 2 Kites

The "IKA Registered Series Production Equipment" and the "Formula Kite / World Sailing" logo shall be attached or printed by the manufacturer to centre cell (bottom side) of the kite.

All equipment is required to carry a unique manufacturers serial number (identifying brand, model and size).

### Registration Plaque

### Instructions on Plaque usage:

- The plaque must be permanently attached to the bottom side of the kite, on the center panel near the trailing edge as agreed in writing between IKA and the manufacturer. The plaque must be attached closest to the edge.
- Minimum plaque height: 100 mm
- Minimum plaque width: 90 mm
- Color: RAL 5011 K (Steel Blue) or black/white.

The plaque layout may be requested in electronic form (vector format) from the IKA.

## Formula Kite / World Sailing Plaque

### Instructions on Plaque usage:

- The plaque must be permanently attached to the bottom side of the kite, on the center panel near the trailing edge as agreed in writing between IKA and the manufacturer. The plaque must be attached behind the registration plaque seen from the edge.
- Minimum plaque height: 100 mm
- Minimum plaque width: 90 mm
- Color: RAL 5011 K (Steel Blue) or black/white.

The plaque layout may be requested in electronic form (vector format) from the IKA.
